

VoltVibe Limited Hardware Warranty Policy

Effective Date: January 1, 2026

All new VoltVibe branded consumer electronics hardware purchased directly from our website or authorized retail channels are covered by a standard 12-month limited manufacturer warranty. This coverage begins on the date of purchase or the date of delivery, whichever occurs later. Under this policy, VoltVibe guarantees that the hardware product will be free from material defects in workmanship and materials under normal, standard consumer use.

If a hardware defect arises and a valid claim is received within the 12-month warranty period, VoltVibe will, at its option, either repair the hardware defect at no charge using new or refurbished replacement parts, or replace the product with a new or refurbished unit of equal or greater value.

Exclusions: This limited warranty does not cover damage caused by accident, abuse, misuse, liquid contact, fire, earthquake, or other external causes. Specifically, water ingress, liquid damage, and drops or physical impacts resulting in cracked screens, casing breakage, or internal structural degradation are strictly excluded from coverage. Alterations, hardware modification, or unauthorized self-repairs also void this warranty immediately.
