

VoltVibe Loyalty Points and Rewards Terms

Effective Date: January 1, 2026

The VoltVibe Loyalty Points Program is designed to reward our registered customers for purchases made directly through our online store. Members of the loyalty program earn points on all qualifying purchases. For every \$1.00 USD spent on products (excluding taxes, shipping fees, and purchases made with gift cards or store credits), the member will earn 1 loyalty point. Points are credited to the member's account once the order has successfully shipped.

Loyalty points can be redeemed during checkout for discounts on future VoltVibe purchases, subject to redemption tiers and product exclusions defined in the account dashboard. All loyalty points earned in a member's account expire exactly 24 months from the date they were earned and credited. It is the responsibility of the member to track point balances and use them before expiration.

Redemption Rules: Loyalty points have no cash value. They cannot under any circumstances be redeemed or exchanged for cash, check, bank transfer, or any other form of cash equivalent. Points are non-transferable and cannot be combined across accounts.
