

VoltVibe Gift Card and Store Credit Terms of Service

Effective Date: January 1, 2026

These terms govern the use of VoltVibe Electronic Gift Cards (e-Gift Cards) and promotional store credits. VoltVibe e-Gift Cards purchased directly from our store are non-expiring. They maintain their full monetary value indefinitely until redeemed, and are not subject to maintenance fees, dormancy fees, or service charges of any kind. Gift cards can be applied to any order on the VoltVibe online store, including shipping costs and sales taxes.

In contrast, promotional store credits issued by VoltVibe customer service (such as customer goodwill adjustments, exchange differences, or promotional campaign rebates) carry strict expiration limits. All promotional store credits will automatically expire exactly 90 days from the date of issue. Once expired, these promotional credits cannot be re-issued, extended, or redeemed. Store credits are applied automatically to the customer's next checkout cart and are non-transferable.
