

VoltVibe Returns: Restocking Fee Schedule

This document outlines the restocking fees applied to product categories returned to VoltVibe fulfillment centers. Fees are calculated as a percentage of the original purchase price.

Product Category	Restocking Fee	Condition & Inspection Criteria
Electronics	15%	Applies to all factory-sealed or opened hardware items, including laptops, tablets, and smart devices, returned within 30 days.
Accessories	5%	Applies to cables, chargers, cases, mounts, and other peripheral items. Box must be intact.
Open-Box	20%	Applies to any return where the original manufacturer seal is broken, and packaging is damaged, but the item is functional.
Defective	0%	No restocking fee applied if the item is verified by our technical testing team to have a valid manufacturer defect.

Sidebar Notes:

- Returns must be accompanied by the original retail invoice and an active RMA (Return Merchandise Authorization) number.
- Restocking fees are deducted directly from the refund credit issued to the customer's original payment method.
- Allow up to 5 business days for product testing and inspection once returned to our warehouse.
