Border Delay Procedures:

- **Carrier Holds:** Packages delayed at local customs hubs are typically held for a maximum of 14 calendar days awaiting tax payment from the importer of record.
- **Documentation Requests:** Customs authorities may request a copy of the commercial invoice or proof of transaction. Customers can download these documents directly from their VoltVibe order history page.
- **Refusal Penalties:** If the recipient refuses the international shipment to avoid taxes, the carrier's return shipping costs will be deducted from the customer's final product refund.
