

VoltVibe Corporate Facilities: Office Kitchen Cleanliness and Shared Refrigerator Guidelines

Effective: May 2025

To ensure a clean, sanitary, and pleasant working environment for all employees at the VoltVibe Corporate Headquarters, please adhere to the following kitchen space guidelines:

1. Dishes and Utensils: Employees must place all dirty plates, cups, and utensils directly into the dishwasher. Do not leave dirty dishes in the sink. The facilities team will start the dishwasher daily at 6:00 PM.
2. Shared Refrigerator Policy: All food and beverages stored in the shared refrigerator must be clearly labeled with the employee's name and the date of storage. The refrigerator is cleared out completely every Friday afternoon at 4:30 PM. Any unlabeled food or expired items will be discarded. Please clean up spills immediately.
